

Basil Base

SKU: BAB-11-0046

Now you can take your umbrella from beachside to poolside with this 25kg, sleek and elegant circular umbrella base. The Basil Base is compatible with all Beach and Go Large umbrellas.

Plate: 550mm diameter, 12mm thick. Made from mild steel, sandblasted, metalised, and powder coated white. Total weight 25kg.

Spitgot/Pole: Accommodates umbrella poles up to 40mm in diameter. Height is 300mm. Made from stainless steel with a polished finish.

- 25kg white, slim-line base plate
- Two horizontal screws that secure the umbrella to the base without damaging the pole
- Polished, marine-grade stainless steel spigot
- The pole spigot and base plate detached for easy storage
- For safety reasons, we recommend using the base on a flat horizontal surface and for umbrellas no larger than 3.5m wide
